

RESTORATION MINISTRIES INTRODUCTION

Restoration Ministries (formally Servants of Messiah Ministries) has been in existence since 1999.

We were in Titusville Florida from 1999 to 2006 as a synagogue.

We moved to Crossville Tenn. in 2006 and have been a home group since then.

We have met continuously every Shabbat since Aug 1999.

We are a Sacred Name ministry
and we use the Sacred Names
Yahweh and Yahshua
in all liturgy, praise and worship
and messages

Our Statement of Faith is on our website

We believe that the pronunciation of the
Name יהוה is “Yahweh” or “Yah-way”.

We believe that the pronunciation of the
Name יהושע is “Yahshua” or Yah-shua.

We follow the Triennial Torah Cycle
which is the same Torah cycle
that Yahshua followed.

We post the monthly reading list
on our website.

Restoration Ministries is a
First Amendment religious
association.

We have not sought government
permission to exist.

We are submissive to Yahweh’s Torah
and we teach submission to
Yahweh’s Torah.

We believe that we are Hebrews
or “called out ones”.

We might also consider us to be
called followers of The Way as we see in:

Acts 24:14 & 15

Restoration Ministries will conduct regular Shabbat services every Shabbat in the Crossville area at the command of Yahweh.

We are actively seeking a permanent location.

Restoration Ministries will also be conducting teaching and training sessions in our permanent facility.

Classes such as Hebrew language, Scripture study and other classes.

Our service liturgy is in English and Hebrew.

We will use a projector to show the liturgy and praise and worship.

You may also use the Siddur available on our website.

The Hebrew portion of the liturgy will be on the screen in Hebrew text and transliterated.

As you continue to attend services you will become familiar with the Hebrew liturgy and it will not be so overwhelming.

Message and teaching notes can be made available to you either by e-mail or we will post them on the website.
